

### Item 1 – Introduction: Is an investment advisory account right for you?

SAGE Private Wealth Group, LLC is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ and that it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at <https://www.investor.gov/CRS>, which also provides educational materials about broker-dealers, investment advisers, and investing.

### Item 2 – What investment services and advice can you provide me?

We offer investment advisory services to retail investors. Our principal services include financial planning, portfolio management and family office services. As part of our standard portfolio management service we provide continuous and regular supervisory and/or management services with respect to your account(s). We do not monitor the investments made as a result of a financial plan unless you have hired us for portfolio management services. Our portfolio management services are offered on either a *discretionary* or, on a limited basis, on a *non-discretionary* basis. *Discretionary* authorization allows us to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. *Non-discretionary* arrangements require us to obtain your approval prior to executing any transactions on behalf of your account. We do not limit our advice to proprietary products, or a limited menu of products or types of investments. We generally require a minimum investment of \$500,000 to establish a relationship with us. At our discretion, we reserve the right to waive this minimum.

For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A at the following link:  
<https://adviserinfo.sec.gov/firm/brochure/173399>.

*Conversation Starters. Ask your financial professional—*

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

### Item 3 – What fees will I pay?

Portfolio management fees are generally calculated and payable quarterly, in advance. Our maximum portfolio management fee is 1.25% of assets under management. The more assets there are in your advisory account, the more you will pay in fees. Therefore, we have an incentive to encourage you to increase the assets in your account. Stand alone financial planning services are provided for an hourly fee. Generally, family office services fees are waived for clients who have retained us for ongoing portfolio management services. However, in limited circumstances, an additional hourly fee may apply for business advisory and risk management services. These services and fees are clearly listed in the client agreement. Generally, our fees are not negotiable. However, we reserve the right to negotiate fees based on asset levels and the overall scope of our service.

For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A at the following link:  
<https://adviserinfo.sec.gov/firm/brochure/173399>.

**Description of Other Fees and Costs:** The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (i.e., mutual funds, exchange traded funds, unit investment trusts etc.). These fees are described in each prospectus. These fees will generally include a management fee and other fund expenses. You may also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

For additional information, please refer to Item 5 of Form ADV Part 2A at the following link:  
<https://adviserinfo.sec.gov/firm/brochure/173399>.

*Conversation Starter. Ask your financial professional—*

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

All investment advisers face conflicts of interest which are inherent in the business. Our primary source of compensation is through asset based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management. Other conflicts of interest result from other business activities we engage in and relationships we have with business partners or other financial institutions. For example, our firm's Principal is also the Managing Member and majority owner of SAGE Tax Advisory, a full service certified public accounting firm providing a wide range of accounting services to individuals and business Clients. Our financial professionals will recommend SAGE Tax Advisory to their Clients, including family office service Clients of our firm. As such, Clients should be aware that a conflict of interest is inherent in such an arrangement. Financial professionals of our firm have a fiduciary responsibility to place the interests of the Client first. Clients of our firm are not required to use the services of any affiliated firm.

*Conversation Starter. Ask your financial professional—*

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

Please refer to our Form ADV Part 2A for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/173399>.

**How do your financial professionals make money?**

Our financial professionals receive a percentage of advisory billings and/or bonuses based on the amount of client assets they bring to our firm. Additionally, financial professionals who are part owners of our firm share in the profits generated by our firm. Therefore, our financial professionals have an incentive to encourage you to increase the assets in your account. Some of our financial professionals are insurance agents. This creates a conflict of interest because these persons will receive additional commission-based compensation in connection with the sale of insurance products. You are not required to purchase insurance from our financial professionals.

#### Item 4 – Do you or your financial professionals have legal or disciplinary history?

No for our firm. Yes for a financial professional.
